

POLE PARC 150 SL

LED Outdoor standing light, IP44, anthracite, 3000K

The POLE PARC 150 aluminium floor stand is particularly suitable for illuminating extensive gardens and parks because of its size. By the obliquely directed lamellae of the integrated grid a very effective illumination of the environment is achieved. It is suitable for use outdoors thanks to its IP44 protection class. Thanks to the built-in LED constant current driver, the electrical connection is made directly to the 230V mains power supply.
