

## MEDO 40 EL

**LED indoor recessed ceiling light, frameless version, white, 3000/4000K**

The recessed version of the MEDO series fits into every room concept seamlessly thanks to its understated design. The MEDO Frameless combines with the ceiling in a charming way. The light colour can be easily switched between 3000K and 4000K prior to installation using a switch. The integrated premium LED module provides an even lighting effect. Supplemented by an additional driver, the TRIAC recessed variant becomes dimmable and can be integrated in DALI systems.
