

GILALED

recessed fitting, LED, 3000K, silver-grey, incl. position light, blue

Designed for space-saving recessed wall installation, the GILALED reading light provides an innovative and user-friendly lighting concept. The elegant luminaire is made from silver-grey or white coated aluminium and offers professionally manufactured mechanic, along with modern LED technology. If needed, the lamp can be folded out and instead of the white glowing orientation light a powerful and pure white 3W Power LED will appear. A suitable constant current driver providing 700mA is required to operate the recessed luminaire. We strongly recommend our model 464200. This luminaire contains built-in LED lamps.
