

DOWNUNDER 1

**recessed fitting, square, natural aluminium, QT12,
max. 50W**

Aluminium recessed wall light of our DOWNUNDER 1 series. The not visibly mounted GY6.35 low-voltage halogen source emits the light indirectly onto the surface to be illuminated. This guarantees glare-free illumination of walkways and much more. The DOWNUNDER 1 recessed luminaire is available in natural aluminium colour version. To operate the recessed fitting, a matching transformer with 12V alternating current is required. A mounting frame for installation in masonry can be ordered from the accessory.
