

THEO

wall light, QPAR51, square, up/down, silver-grey, max. 100 W

The THEO recessed wall light is made from aluminium and equipped with a glass that covers the lamp. Thanks to the position of the two incorporated sockets, the installed high-voltage halogen lamp with GU10 socket produces two equal but oppositely arranged light beams (UP/-DOWN). The electrical connection of the luminaire, which comes in three colours, is directly to the 230V mains supply.
