

ECO LED PANEL

recessed fitting, 3000K, square, silver-grey, 12W

The ultra-flat ECO LED PANEL recessed ceiling light convinces by its low installation depth and is equipped with 11 warm white SMD LED. Thus, it ensures a high light output even at most difficult installations. Available in silver-grey, the electrical connection is made directly to 230V mains via the separately available LED driver. To achieve a glare-free light, the LEDs are installed behind a frosted cover.
